## The Light Beyond the Body

*“Beyond the body, beyond the sun and stars, past everything you see and yet somehow familiar, is an arc of golden light...”*

This is an invitation to the continuing advent of a great spiritual transformation through A Course in Miracles. As a divine mind-science of 'true forgiveness'

and healing, its sole purpose is to transform the mind, awakening the power to choose the incomparable joy of your own spiritual reality.

We will be exploring the many methods this Course in Miracles provides for awakening the sight that looks beyond illusions to the truth. True perception is the means for the forgiving mind's attainment of Peace and illumination. It brings with it the healing of the mind's false identification with the body and looks beyond it to 'That which is of God' within each one you look upon. What you then will see will bring such joy there is nothing in this world that can compare.

*“The ego holds the body dear because it dwells in it, and lives united with the home that it has made. It is a part of the illusion that has sheltered it from being found illusory itself.”*

*“Christ's vision has one law. It does not look upon a body, and mistake it for the Son whom God created. It beholds a light beyond the body.”*
